

LOW VISION PROGRAM *Blue Ribbon Program*

AMERICARE OFFERS HOME CARE SERVICES WHEN PATIENTS ARE BEING TREATED

FOR THESE CONDITIONS: Blindness • Cerebral Vascular Accidents • Post-op Eye Surgeries
• Macular Degeneration • Diabetic Retinopathy • Neurological Vision Disorders • Glaucoma and
Cataracts • Myopia • Optic Nerve Atrophy • Retinitis and Pigmentosa

AmeriCare offers assistance with the following conditions:

- Unusual trouble adjusting to dark rooms
- Difficulty focusing on near or distant objects
- Change in color of iris
- Recurrent pain in or around eyes
- Excess tearing or "watery eyes"
- Squinting or blinking due to unusual sensitivity to light or glare
- Dark spot at the center of viewing
- Lines and edges appear distorted or wavy;
- Red-rimmed, encrusted or swollen lids
- Double vision
- Dry eyes with itching or burning; and
- Seeing spots, ghost-like images.

AmeriCare's Vision Impairment services may include:

- Skilled Observation and Assessments
- Disease Management
- Home Health Aide
- Physical Therapy
- Occupational Therapy
- Coordination for DME
- Medication Management
- Patient and Family Teaching
- Medical Social Workers
- Nutritional Management/Education
- Adaptive Equipment
- Home Modifications
- Independent Living Resources

AMERICARE'S LOW VISION PROGRAM SERVICES ARE COVERED 100% UNDER MEDICARE FOR PATIENTS WHO MEET THE FOLLOWING CRITERIA:

Must be Homebound whereby it would be a considerable and taxing effort for the patient to leave their home to obtain services.

"The goal of AmeriCare's Low Vision Program is to increase your independence and promote your personal safety!"
